¹ Prior to Each Day's Use – can be performed by the operator if properly trained.

² Periodic – Indicates items requiring inspection monthly to yearly. Inspections to be performed by or under the direction of a properly designated person. The exact period of inspection will depend on frequency and type of usage. Determination of this period will be based on the user's experience. It is recommended that the user begin with monthly inspections and extend the periods to quarterly, semi-annually, or annually based on monthly experience.

³ For air and electric powered hoists in addition to all other items.
