

NSSGA: THE VALUE OF MEMBERSHIP

The National Stone, Sand & Gravel Association (NSSGA)

is the federal leader in advocating for priorities in the aggregates industry. NSSGA represents members of all sizes who produce aggregates, industrial sand, pulverized minerals or are a supplier to the industry.

Legislative and Regulatory Advocacy

- NSSGA is an advocacy leader in addressing burdensome federal rules and regulations
- ROCKPAC, NSSGA's political action committee, leads all construction industry trade association PACs.

Education and Training

- AGG1 Academy & Expo
- Member-exclusive webinars and podcasts
- Scholarship opportunities
- Workshops and seminars

Publications

- Regular e-newsletters to inform you of the latest industry and advocacy news
- Receive real-time alerts on legislative and regulatory actions as they happen

- *Stone, Sand and Gravel REVIEW* magazine
- Annual Membership Directory & Buyers Guide

Events and Leadership Opportunities

- Network at our multiple annual events, including Annual Convention, AGG1 Academy & Expo, CONEXPO/CON-AGG, Young Leaders Annual Meeting and Legislative & Policy Forum
- Expand your leadership in the industry by joining active NSSGA committees and serve on our Boards.

NSSGA ADVOCACY OBJECTIVES FOR 2023

- Promote sound policies and industry priorities in legislation, including the federal aviation authorization and farm bill reauthorization.
- Stop harmful regulatory policies related to air, water, endangered species and labor, from taking effect.
- Increase aggregates industry visibility and support across Washington by educating the new 118th Congress through events, testimony and offensive advocating.

2022 NSSGA ADVOCACY HIGHLIGHTS

- Fought for industry priorities as administration implements the historic Infrastructure Investment and Jobs Act (IIJA).
- Ensured robust federal investments to support aggregates industry continued to move through Congress in federal spending legislation.
- Worked to keep out harmful polices, like tax increases, material mandates and mining withdrawals, from multiple legislative vehicles.
- Led engagement on bipartisan amendment that would prohibit EPA from finalizing a harmful WOTUS rule until the Supreme Court rules on the pending Sackett case.
- Maintained partnership with MSHA including first quarry tour for new MSHA assistant secretary.
- Revived critical engagement on technical issues with standard setting entities and federal agencies.
